Survey Questions		
<p><i>The purpose of the five-year review is to evaluate the implementation and performance of the remedy, and to confirm that human health and the environment continue to be protected by the remedial actions that have been performed at the site. This interview is being conducted as a part of the fourth five-year review for the Arkwood, Inc. Superfund Site. The scope of the review is from August 2011 to present.</i></p>		
<p>1. What is your general impression of the work conducted at the site during this review period? (Work at an active site may include activities such as frequent sampling, construction/demolition, and operation of treatment systems while work at an inactive site may include infrequent sampling, maintenance of perimeter fence/barriers, or redevelopment of site for a new use.)</p>		
<p>2. From your perspective, what effects have site operations (or inactive status) had on the surrounding community?</p>
